Ohio commercial natural gas service application

Please complete this application if you are applying for new CenterPoint Energy Ohio commercial or industrial natural gas service. In order to process your request, please complete all required fields (*) and mail a copy of your completed application and any necessary documentation to: CenterPoint Energy Ohio, ATTN: New Service Center, P.O. Box 209, Evansville, IN 47702-0209. You may also submit your documents via fax at 888-287-2770 or e-mail at NewService@CenterPointEnergy.com.

If you are constructing a new building, please include a site plan, if available, with your completed application.

Need help?

For assistance, call 800-990-1930 to speak with a CenterPoint Energy representative.

Important!

If converting an existing structure, please contact a CenterPoint Energy representative to ensure natural gas service can be extended to your location.

Before submitting your application, review the important information found on the last page. Please consult your **professional plumbing contractor** to ensure the information you include on this application is accurate and all required information (*) has been provided.

APPLICANT

1. Applicant

Please note: Service will be placed in the applicant's name. Service may be transferred to a new party after active service has been established.

SERVICE (CONTINUED)

3. Customer-owned facilities

Please indicate if any of the following apply. If you make a selection below, please locate and mark the facilities prior to installation. It is the customer's responsibility to mark all facilities prior to service installation—CenterPoint Energy is not responsible for damage to unmarked private facilities. (Please read "Facilities" section on last page of this document before submitting your application.)

Programs and services are operated under the brand CenterPoint Energy by Vectren Energy Delivery of Ohio, Inc. d/b/a CenterPoint Energy Ohio.

pressure required to operate appliances.

IMPORTANT INFORMATION

Please review the following information before submitting your application:

Formal design requirements

If formal design is required, the lead time for installing gas facilities may be longer. Formal design is required if one or more of the following conditions are met:

- Total connected load over 900 CFH (cubic feet per hour) at standard delivery pressure (1 CFH = 1,000 BTUs)
- Total connected load over 1,390 CFH at 2 psig delivery pressure
- Multi metered exceeds 550 CFH

- · Easement/permits required
- · Any service off a high pressure line (farm taps)
- · Natural gas main extension required
- · Length of service over 1,000 feet

If a formal design is required:

Our engineering department may contact you to discuss and/or schedule a site visit meeting to discuss the location of the meter(s), the service line route, the load sheet and easements. If an easement is required, you are responsible for providing the deed to the engineer that scheduled your site visit.

Installation site-ready checklist

The date that your site is ready determines when construction can start. The site is ready when the following criteria have been met:

- Site must be within 6" final grade
- · Basement/foundation in and backfilled
- · Clear 8' wide path

- Gas service install-meter location(s) meets code and is marked or stubbed
- Clearly mark/stake the location of all private underground utilities located on your property

Construction schedule estimated processing time is 4-6 weeks pending weather conditions, road restrictions, permitting requirements, property site ready and required permits have been obtained.

Meter sets and inspections

CenterPoint Energy may not install and/or connect meter(s) at time of service installation. Before we can connect you to CenterPoint Energy's natural gas system, a house line inspection from your city or county may be required.

A credit check and deposit may also be required before meter(s) are connected.

If you are in an area that requires an inspection (see list below), you are responsible for contacting the county or city to set up the inspection. The inspector will contact CenterPoint Energy when the inspection is complete. If your area does not require a county inspection, contact CenterPoint Energy at 800-990-1930 to have a meter(s) installed once your plumber and/or electrician have completed their work. The following Ohio counties and cities require an inspection:

- Auglaize County
- Brookville
- Centerville
- Champaign County Clark County
- Clinton County
- City of Wilmington
- **Darke County**
- Eaton
- Englewood
- Fairborn Fayette County
- Germantown
- Dayton
- Kettering

- Miamisburg
- Greene County Montgomery County Highland County Moraine
 - Oakwood
- Logan County Pickaway County
- Madison County Preble County Ross County
- Miami County Shelby County
- Sidney
- Springboro
- Trotwood Vandalia
- Warren County
- West Carrollton

If your requested service installation date or site ready date changes, please contact CenterPoint Energy at 800-990-1930.

Facilities

By submitting this form, you are indicating that you have read and agree to comply with the following statement:

Prior to service installation and/or performance of improvement request by CenterPoint Energy, You, as the property owner, are responsible for locating and marking all existing private buried facilities including sprinkler systems and septic facilities ("Facilities") at the Service Address provided above. By submitting this application, you agree to indemnify, defend, hold harmless and release CenterPoint Energy and its respective shareholders, directors, officers, administrators, managers, employees, servants, agents successors and assigns from or against any injuries, including death, damages, fines, claims, lawsuits, penalties or expenses, including reasonable attorneys' fees, arising from your failure to locate and mark all of your facilities at the service address provided above. This indemnification obligation shall not apply to the extent liability is caused by the negligence or wrongdoing of CenterPoint Energy. Please note that CenterPoint Energy is responsible for having utility facilities located at your address prior to our installation of gas and electric facilities.

Checking order status

To check the status of your request you may contact us via email at NewService@CenterPointEnergy.com or by phone at 800-990-1930.
