What You Will Need

- A copy of your itemized invoice that contains all equipment and installation information (please keep the original for your records)
- Your CenterPoint Energy account number and a completed IRS Form W-9
- Installing contractor information (if available)

HOW TO APPLY FOR A REBATE

Step 1: Determine Eligibility

- **Applicant**
The applicant must be a CenterPoint Energy General Service (Rate 320, 321, 325) natural gas account holder at the time of equipment installation. Location of installed equipment or services performed must have CenterPoint Energy natural gas service.
- **Application & Installation**
The application must be postmarked within 90 days of equipment installation.
- **Equipment**
The equipment must be purchased and installed between January 1, 2022 and December 31, 2022.

Read all rebate qualifications carefully to ensure your product qualifies.

Step 2: Complete Application & Attach Invoices

- **Complete Application**
Unless noted otherwise, all fields must be completed on the application to receive a rebate.
- **Sign Application**
The application must be signed in the space provided on page 2 to receive a rebate.
- **Attach Invoices**
Ensure that you have attached a copy of all equipment invoices to the rebate application.

The invoice should include:

- » The equipment make, model and serial number
- » The date of installation
- » Total number of units installed
- » Total project cost of the equipment

The rebate amount may not exceed the cost of the equipment.

- **Include IRS Form W-9**
Please include a completed copy of IRS Form W-9 with your rebate application. You can download a copy from either the IRS website or from CenterPointEnergy.com/SmartEnergy.

Step 3: Submit Paperwork

- **Double-check Information**
Make sure the information listed on the application is correct and that you have provided all required information. Also, ensure a copy of all invoices has been included.
- **Submit Application**
Submit your completed application and a copy of your itemized invoice(s) within 90 calendar days of equipment installation one of three ways:
